### TRENDS

#### THE CONTINENTS SHIFT

#### The Best in the World

By continents	1995-2019	1995-2009	
France.....	11%	13%	-2
Other Europe .....	38%	44%	- 6
China .....	8%	3%	+ 5
Other Asia Pacific .....	20%	15%	+ 5
Latin America .....	11%	5%	+ 6
Anglo America .....	9%	18%	- 9
Africa .....	3	2	+ 1
Total _____	100%	100%	_____

The shift 2009-2019 in the Best in the World is clear, from the West to the East, from the North to the South. It reflects the investments in quality for the new middle class that buys cookbooks. The middle class is stagnating at best in the West and North, while rising fast in the East and South. Today 85% of the world middleclass is in Asia. Do read Factfulness by Hans Rosling, “a hopeful book about the potential for human progress” says President Barack Obama. It is vital today for authors and publishers in the West to try to reach the foreign markets in the East. There is now a market for excellent cookbooks in many more countries. Our 2009 list had Best in the World from 47 countries. In 2020 it has doubled to over 100.
